throughout the story to captivate and sustain the child's interest in the story and to evaluate and encourage the child's integration of the material. Includes reproducible story activities and detailed parent handouts. Foundational topics such as history, ethics, and principles of primary prevention, as well as specific issues such as consultation, political issues, and financing. The second Domani section addresses such topics as abuse, depression, eating disorders, HIV/AIDS, injuries, and religion and spirituality. Often dividing such topics into separate entries addressing childhood, adolescence, and adulthood. There is joy, strength, and healing available to you in the midst of separation or divorce. Things may look bleak right now; your world is a mix of shock, anger, hurt, and hopelessness. Many of the people around you don't understand the depth of your pain or the complexity of the challenges you face. You feel rejected, betrayed, and exhausted. You wonder if the pain will ever end, but recovery from separation and divorce is possible. In this 365-day devotional, you will meet men and women who have come through the darkness of separation and divorce and who now walk in the bright hope of God's love and healing. You will be encouraged and inspired by some of today's most respected and well-known Christian leaders and psychologists, including Kay Arthur, Dr. Tim Clinton, H. Norman Wright, and Dr. Tony Evans. The daily readings and heartfelt prayers in *DivorceCare* affirm God's love for you. You'll discover that the divorce process can be

a powerful catalyst for good in your life. Transforming deep loss into meaningful growth with God, *DivorceCare* is the finest material it will provide. Help, hope, and healing for your life and family. Dr. Dennis Rainey, President, FamilyLife™, *DivorceCare* is a wonderful combination of wise advice and assurances that God still loves you. Dr. Tim Clinton, President, American Association of Christian Counselors (AACC), this devotional encourages, inspires, and brings hope to healing hearts. Daily, you will be reminded that you are loved, cared for, and can face life with a renewed confidence that comes only from God. Dr. Linda Mintle, author of *Divorce-Proofing Your Marriage* and *Breaking Free from Anger*, Domani and *Unforgiveness*, this facilitator's guide details procedures for conducting engaging and age-appropriate group sessions to help adolescents adapt quickly to the changes brought about by parental divorce or separation. The guide has everything a therapist or counselor needs to facilitate the program, including a full script and abbreviated outline for each session, numerous handouts for group members and parents, a sample consent form, a program graduation certificate, and much more. Sessions give teens the opportunity to clarify misperceptions about divorce and separation, engage in meaningful activities, and discuss topics that they may not have otherwise been allowed to explore. Previously, because some of these topics may be difficult, each group session includes practice of relaxation skills, homework focused on seeking social support, and

opportunities for adaptive cognitive coping. It has been estimated that nearly twenty percent of the one million divorces in the U.S. each year involve high-conflict relationships. Angry emotional disputes related to custody, parenting time, child support, payments, visitation, and more may go on for years. Who suffers the children? Mostly, post-divorce conflict may be the most significant factor in adjustment or maladjustment for children of divorce. Defusing the high-conflict divorce offers a unique set of proven programs for quelling the hostility in high-conflict co-parenting couples. Defusing their prolonged, bitter, and emotional struggles describes interventions for families experiencing a high-conflict divorce impasse where a child is resisting contact with a parent. It examines in detail one such intervention: the overcoming barriers approach involving the entire family and combining psycho-education and clinical intervention. The book is divided into two parts. Part I presents an overview of parental alienation, including clinical approaches and a critical analysis of the many challenges associated with traditional outpatient, family-based interventions. Einaudi, Part II presents the overcoming barriers approach, describing core aspects of the intervention and ways to adapt its clinical techniques to outpatient practice. approach to Stile divorce therapy teaches mental health professionals powerful ways to help parents help their children while they reap benefits as well. Dr. Dozier is a 16-year veteran of family therapy and through hundreds of therapy sessions with parents and children she has developed a model that has helped adults separate their roles as former marital partners from their roles as co-parents. These co-parenting relationships may either be cooperative in nature or take on a parallel style that allows each parent to parent his or her way. Two home families exemplify the importance of preserving parent-child relationships and preventing self-centered vindictive behaviors. This informative book clarifies the complex picture of how the experience of divorce in one generation may influence the next generation's approach to and preparedness for marriage. It identifies research, Libero, and clinical issues regarding the effects of the parental divorce experience on young adults' patterns of dating, attachment, and mate selection. Divorce and the next generation focuses primarily on young adults and the patterns and attitudes regarding intimacy and attachment that they will carry into their own adult marriages. The book contains research studies which compare differing variables of developmental achievement, personal adjustment, and attitudes of children from divorced and nondivorced families. The implications of these findings for understanding the intergenerational effect from divorce in one generation to marriage in the

next are crucial as they guide professionals in their work with young adults and divorcing families in clinical and educational settings. This enlightening volume provides a foundation and a stimulus for more research into these dynamics. Divorce and the next generation addresses topics such as the effects of childhood family structure and perceptions of parental marital happiness on marital and parenting aspirations, differences in intimate relationships between college students from divorced and intact families, a literature review of short and long-term effects of parental divorce on children, the effects of conflict and family structure on attitudes toward marriage and divorce, differences in marriage role expectations between college students of divorced and intact families, effects of parental divorce on children in Erikson's identity stage, indirect effects of parental divorce on self-concept via changes in family environment, correlates of self-esteem among college-age offspring from divorced families, divorce and the next generation. This is full of useful information for beginning and advanced family therapists, marital counselors, family and psychological researchers, and other professionals interested in the effects divorce has on the families involved.
